Video test plug

Rated to IP66 with integrated sunshield and supplied with a mounting bracket that allows the camera to be installed either wall, surface or ceiling mount to ensure the required field of view can be obtained every time. In addition, thanks to its built-in 80m IR Leds with smart IR function, the GIGAMEDIA GGM CCC618VW600 has the ability to capture clear images of objects which are up to 80m* from the camera, even when the area is in total darkness.

GIGAMEDIA GGM CCC618VW600 bullet camera is an excellent choice for day or night view either inside or outside. The zoom (6-60mm) and focus are adjusted on the external of the camera allowing for easy installation.

*Please note the distance can vary significantly following the condition and external environment. For example black ground can reduce IR power distance efficiency. Any viewing distance especially at night should be tested
